

## ***Maintains Healthy Clear Water All Winter Long***

### **INSTRUCTIONS**

WINTERPILL™ ALL-IN-ONE FORMULA IS AN EXCLUSIVE 4-PART BLEND TO MAKE SPRING OPENINGS FASTER AND EASIER THAN EVER! IT CLARIFIES THE POOL WATER AND PREVENTS SCALING AND STAINING. WINTERPILL™ IS ENZYME ENHANCED. IT NATURALLY DESTROYS ALL ORGANICS, PREVENTING WATER RING, ENHANCING FILTER PERFORMANCE, AND IMPROVING SANITIZER EFFICIENCY.

1. Determine the number of WINTERPILL capsules needed according to pool size (1 pill per 1 000 sq. ft. (93 sq. m) of surface area or 30,000 gallons (114,000 l)).
2. Shake well before using. Remove the blue piercing tool from the package. Separate the blue piercing tool from the push- pin. Place the pointed end of the blue- piercing tool into the recessed area of the cap. Holding the capsule, firmly press the blue piercing tool against a hard surface, (wooden deck or concrete pad) until the piercing tool punches through the plastic cap. Remove the blue piercing tool. Hold the capsule over the open skimmer. Using the supplied white push- pin, pierce one dot only.

3. Place pill in the water. WINTERPILL™ will float and dispense formula throughout the winter season.

4. Remove WINTERPILL™ and discard in trash next spring. Replace with SPRINGPILL™ to maintain clear, healthy water year-round.

WINTERPILL's patented pre-measured-release delivery system effectively maintains healthy clear water all winter long. With its all-natural concentrated formula WINTERPILL™ can be used with all types of sanitizers, is safe for all pool surfaces and will not affect pool chemistry, making next year's pool opening faster and easier than ever.

**STORAGE AND DISPOSAL:** Keep this product in original tightly closed container when not in use. Do not reuse container. Rinse thoroughly before discarding in trash. Do not store at temperatures below 40° F.

**HAZARD WARNINGS:** Avoid contact with skin, eyes or clothing. Do not mix with other chemicals.

**FIRST AID:**In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.

**NOTE:** Buyer assumes all responsibility for safety and use not in accordance with directions.
