Use description: Your Solar Saddle has been designed as an easy method to store your swimming pool solar cover, i.e., solar cover holder. As with any product, proper use and application of sound practical judgment are required for best results and satisfaction. Your Solar Saddle design and components can provide you with many years of service.

Any use of this product contrary to the description or instructions will automatically void this warranty. Solar-EZ, Inc. does not accept responsibility for damage(s) caused by shipping, abusive use, improper use and /or installation.

Liability for defects is limited to replacement of parts, and the company will not be liable in any event for other damages caused by, and not limited to, the use and/or misuse of its products. Furthermore, the cost of labor and shipping charges for replacement of parts are not covered. This warranty is limited to the above for a period of (1) year from date of purchase and may not be changed or modified by any party other than Solar-EZ, Inc.

*****SPECIAL NOTE*****

*Brackets and connectors (pins) are excluded from warranty coverage.

*Brackets and connectors (pins) are designed to withstand a limited amount of weight/force.

*Brackets and /or connectors (pins) by design will give way if weight/force limits are surpassed.

Return of Goods Policy:

A written notice of claimed defective product(s) must be mailed to Solar-EZ, Inc. informing us of the following details:

- 1) Name and address of purchaser:
- 2) Place and Date of Purchase and Receipt:
- 3) Product Model No:
- 4) Part in question:
- 5) Quantity of Each:

Upon receipt of the written notice, a return authorization number will be issued in the case that the product be requested for inspection. All items are to be shipped by the least costly means possible and be "prepaid" to Solar-EZ, Inc. However, instructions may be given to destroy items under question. If merchandise is returned for inspection and, in turn, deemed defective, a refund will be issued: however, Solar-EZ, Inc. may exercise the right to repair or replace defective merchandise. Final decision lies with Solar-EZ, Inc.

REMEMBER, the brackets and intermediate pins are designed to be more than sufficient to properly hold your solar cover. By design a bracket, pin or both will give way if excess weight or force is applied. Replacements and additional parts are readily available.
